

AMENDMENTS TO THE SPECIFICATION

Please amend the specification to read as follows:

Paragraph beginning at Page 1, Line 8:

X
The present invention relates to the field of combination microphone and speaker devices for use with two way personal communication systems. The predominant current usage of the present inventive personal communications earpiece is in conjunction with portable personal communications devices, such as cellular or cordless telephones, two way radios, and the like, wherein it is desirable to have a microphone and speaker combination which will accurately produce and receive sound and further wherein convenience and comfort ~~and~~ are important considerations.

Paragraph beginning at Page 5, Line 1:

A2
A known mode for carrying out the invention is a personal communications earpiece. The inventive personal communications earpiece is depicted in a partially cut away side elevational view in Fig. 1 and is designated therein by the general reference character 10. The personal communications earpiece 10 has an ear hook 12, an ear bud 14, and a flexible connector 16 which both physically and electrically connects the ear bud 14 to the ear hook 12, and allows substantial ~~rotational~~ rotational, angular and linear displacement freedom of relative movement between the ear bud 14 and the ear hook 12.
